SUPPLEMENTAL APPEAL BRIEF UNDER 37 C.F.R. § 41.37

Sir:

This is a Supplemental Brief in response to the "Notification of Non-Compliant Appeal Brief" mailed August 31, 2009. The Notification alleges that the Brief filed on June 29, 2009 fails to identify which claims are involved in the appeal. However, on the first page of the Brief, it is stated that "this is a brief in support of appeal from the final rejection of claims 1 – 28 in the Office Action mailed January 28, 2009. Claims 1 – 28 are currently pending and are the subject of this appeal" (emphasis added). Thus, the Brief in fact identified the claims involved in the appeal. However, to move the Appeal Brief forward, the Status of Claims section is revised and now reiterates the status of claims as follows:

STATUS OF CLAIMS:

- Claims 1 – 28 are pending in the application.
- Claims 1 – 28 are rejected.
- Claims 1 – 28 are the subject of this appeal.
- No claims are allowed or confirmed.
- No claims are subject to restriction and/or election requirement.
- No claims are withdrawn.
- No claims are objected to.
- No claims are canceled.

**Conclusion**

Withdrawal of the holding of the Appeal Brief as being defective is requested.  
Forwarding of the Brief to the Examiner for consideration and response is requested.
